

# **I COME FROM POEM**

**I come from basketball to lots of different sports,  
long drives to see aunties and grandparents,  
I live in a little suburb in NZ to graffiti at the skatepark,  
I come from a law family to my Dad being a firefighter,  
and my Grandad being a cop and my Mum being a nurse**

**I come from mowing lawns to doing lots of outside jobs  
with Dad,  
helping out Grandad at his house,  
going to rugby every Saturday at 9:00 in the morning to  
be there for my sister and me later on,  
I come from a builder family to my Dad coming home  
smelling like sawdust and with cuts**

**I come from a hunting family that live up in the woods, a  
mixed cultured family,  
from a very large extended family,  
long road trips to see extended family  
To conquering fears,  
I come from going for bike rides to the shop to get lollies**
